# Reunion Committee Have a Say....

## *This Whanau Reunion*

*needs your talent to make this an awesome event. Can you assist with Whakapapa/Whanaungatanga , the Christmas Day event, or the Bus Trip through Te Puke, Rotoiti and Rotorua. Any ideas, contributions of help much appreciated. Now the planning stages are Done.....We just need to Do!*

*.....Wendy, Chairperson*

## *Keeping in Contact*

*is an important part of any gathering and I need to be able to connect with as many whanau as possible to ensure they are included in everything we are doing for our whanau. This whanau reunion is a first of us all and we hope that the minutes and panui will assist our whanau in becoming connected not only to the immediate whanau, but eventually to our wider hapu and iwi (if they are not already).*

*.....Deena, Secretary*

## *Get innovative and stay connected*

*because there is a reason for everthing and the big push from us lately is to bring our whanau together. In order to provide the forum to bring whanau together and to motivate our younger generations to get interested too - we must initiate an interest in them, and provide a fun and impacting reunion so that they will continue this interest in bringing whanau together and sharing.*

*.....Peri, Treasurer*

## R U Coming?

Letting the Committee know you are attending is important. It helps us to plan for the event properly and have enough kai for everyone as well.

## Christmas

One of the days is Christmas Day - this will require alot of planning and preparing in order to make this day enjoyable for our young and old. As Christmas is a time for children, our emphasis is on our babies and young adults - and our wish is to have a little something for them on the day - which is why we are asking for names and ages of everyone attending.

## Whakapapa

Considering the reason for our reunion is to gather and record as much information as possible to hopefully produce a basis of which to collect our whakapapa and make it available for all.....So whanau - bring your stories, your pics, your memoirs to share with us all  
Family Reunion = our Whanau, our Whakapapa, our Future!

## Support

There are 3 people working for this event and we emphasise to whanau that this is our first go at a reunion and although we will not be able to provide everything for everyone, we are working with best intentions to make this event a good one and hopefully to recruit more whanau members to come onboard and work towards another wider whanau reunion in the future.
